"EMBRACE IMPERFECTIONS, ELEVATE INNOVATION"
AN INSIGHT INTO GAUTAM BUDDHA UNIVERSITY'S BIGGEST ANNUAL TECH FEST
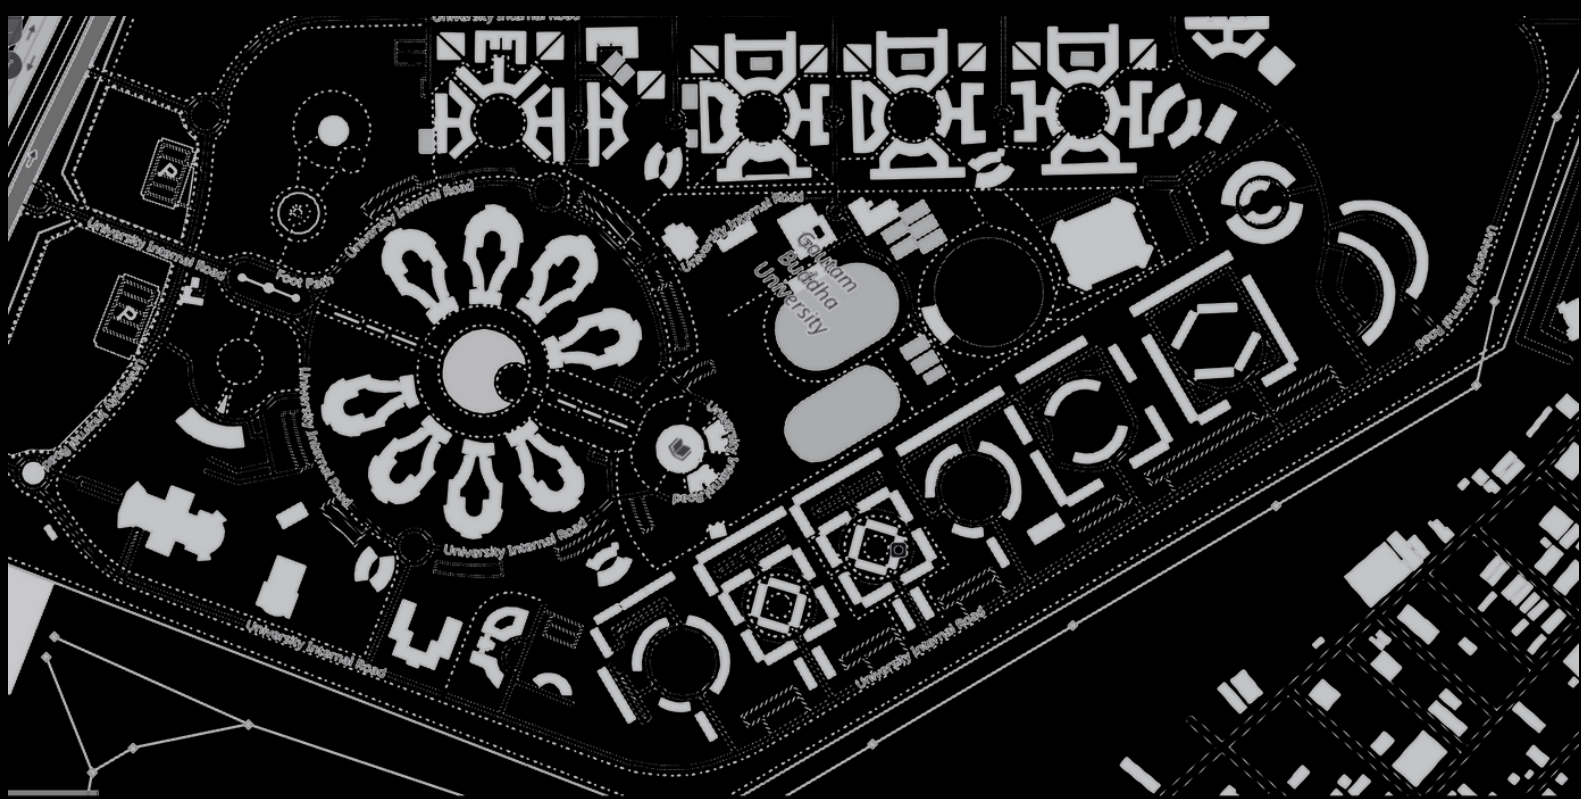

GL!TCH TECHFEST

Gautam Buddha University

2024

ABOUT
GAUTAM BUDDHA UNIVERSITY

Situated in the tech-bowl of India, Greater Noida, Gautam Buddha University is a leading institution that offers graduate and post-graduate degrees in diverse fields of education. GBU polishes the imperfections within its students and helps them sparkle like diamonds.

Gautam Buddha University boasts a robust infrastructure and has a grand campus, which is probably one of the most picturesque and breathtaking in the entire country, if not the most. It's not a wonder why the university has become a favoured venue for conducting key events, both of national and international importance.

The Chancellor, Hon'ble Chief Minister of Uttar Pradesh himself, frequently visits GBU and has established it as a popular institution in the recent times among the bright minds of the region.

GL!TCH TECHFEST

Gautam Buddha University

2024

"Embrace Imperfections, Elevate Innovation"

Gautam Buddha University's Glitch Tech Fest 2024 is a one-of-a-kind event that provides the youth a platform to showcase their ideas and build upon them. The bigger, bolder and better-than-ever tech fest is envisaged to promote ideas that revolutionise technologies.

The three-day fest will showcase a plethora of events, ranging from twenty-four-hour hackathons to powerful discussions to fashion nights.

Mission

With a vision of "Embrace Imperfections, Elevate Innovation", Gautam Buddha University proposes Glitch Tech Fest 2024. The tech fest will be crucial in encouraging young minds to become a better version of themselves by working on their imperfections, or glitches, and revolutionising technology. Students and experts from all over Delhi-NCR will come together to create an environment of learning, self-improvement and collaboration.

"Celebrating the Coder, Reader, Learner, and Leader within you!"

About
Glitch

Glitch Tech Fest 2024 is a great opportunity to connect with fresh and talented students. The tech fest brings together students and experts from various universities who represent a variety of technological domains.

Similar to how, about 3.7 billion years ago, a glitch caused the first form of life to appear on Earth, the **GLITCH Tech Fest 2024 seeks its inspiration from this very idea that Glitches, often seen as imperfections, are the catalysts for innovation and foundations of ground-breaking solutions.**

Glitch provides a brilliant platform for students to showcase their skills in modern technology. This allows the participants to have their profile stand out from the crowd, and gain unprecedented advantage. With the constant release of newer technologies and techniques, one is bound to get perplexed about what could be the right path to follow. Glitch will also solve this problem faced by a lot of students, by providing them with live interactions with domain and industry experts. The tech fest also becomes a perfect venue for the participants to interact with each other and forge new friendships.

The most valuable takeaway for a participant will be the connections they will make with experts and recruiters. This will help them in the long run when they become ready to start a career.

Events

Glitch Tech Fest 2024 will be conducted near the end of the month of April in a span of three days, on the grounds of the Gautam Buddha University. Each day will host multiple exciting events, creating a zealous atmosphere for the participants.

HACKFED HACKATHON

Join us for an electrifying 24-hour hackathon hosted by HeckFed Community, where innovation meets education technology. Dive into the future with tracks like Ar/VR, cybersecurity, fintech, web3, agriculture, open innovation, healthcare, and the star of the show – EdTech!

$660

- Participants are required to compete in teams comprising two to four members.
- Participants are required to create products from scratch during the hackathon. Utilizing previous projects for submission will result in immediate disqualification.
- The hackathon features an open theme, allowing participants to choose any problem statement. They may select from pre-defined tracks provided by the organizers or pursue their own ideas.
- Participants are expected to collaborate exclusively within their designated teams. Offering assistance to other teams will result in disqualification for both parties. However, networking and engaging with fellow participants is strongly encouraged.
- The hackathon will include a 'Mentorship Round,' during which a panel of three to four mentors will provide guidance to teams in order to transform their ideas into tangible solutions.
- Judging will commence twenty-four hours after the start of the hackathon, with results announced later the same day.
- Participants must bring their own devices and a LAN Cable for use during the event, as organizers will not provide technical support in this regard.
- Teams must conceptualize, design, develop, and submit their products within a twenty-four-hour timeframe. No extensions will be granted except in cases of technical difficulties.
- Regular time reminders will be provided to participants, with updates every six hours.
- Participants will have the opportunity to attend workshops featuring industry speakers and leaders during the hackathon. Additionally, various recreational activities will be organized to refresh participants' minds and bodies and break up the intensity of the event.

Event Format	**Team max(4)**

MONO ACTING COMPETITION [THEME: FROM MUMBAI TO LA]

Rules and Regulations

- Participants must adhere strictly to the assigned theme "From Mumbai to LA", with the freedom to portray iconic film characters from either Indian or Hollywood cinema. We encourage participants to explore fresh and unconventional character choices.
- Participants can perform solo or in pairs. Solo performers may deliver a self-written monologue or recreate a scene from the character's source material. In pairs, both members must choose characters from the same film or show, presenting either a self-written interaction or a recreated scene.
- Each participant or team will have a maximum of 5-7 minutes to present their skit, with penalties for exceeding the time limit.
- Judging will focus on the accurate portrayal of character personality, encompassing voice, accent, attire, and body language, as well as acting ability. Quality of self-written content will be considered for monologues, while attention to detail will be assessed for scene recreations.
- Participants must refrain from using vulgar or offensive language. Any such dialogue should be appropriately edited, with failure to comply resulting in immediate disqualification.

MIME SHOW COMPETITION [OPEN THEME]

The one-of-a-kind event where you can fulfill your acting and theatrical talent by participating in either the MONO ACTING COMPETITION, MIME SHOW or both.

Rules and Regulations

- Teams may consist of up to four members.
- Teams need to come prepared with an act of their own.
- Each team will be allocated a ten-minute performance slot, with penalties for exceeding this limit.
- Acts must be silent and without props, dialogue, or lip-syncing, although background music is permitted. Five minutes will be allotted for stage preparation.
- Performances must avoid themes of mythology, religion, or offensive gestures, with disqualification for non-compliance.
- Evaluation will be based on innovation, portrayal of the situation, teamwork, expressions, appearance, performance, and skills.
