

International Conference on

STRUCTURAL BIOLOGY & DRUG DISCOVERY

(ICSBDD-2023) 11-12 October, 2023

ORGANIZED BY:
University School of Biotechnology
Gautam Buddha University
Government of Uttar Pradesh
Greater Noida 201312 (U.P.)
INDIA

International Conference
on Structural Biology and Drug Discovery
(ICSBDD-2023)

About the Conference

The 1st "International Conference on Structural Biology and Drug Design" (ICSBDD-2023) will take place in Greater Noida, India, on October 11-12, 2023. The conference gives scientists, research scholars, students, delegates, and exhibitors the chance to develop their expertise and raise the standard of their study. We invite you to join us at the ICSBDD-2023, where you can be sure to engage meaningfully with both local and international professionals and colleagues. It will assist you in putting into practice tried-and-true methods for conducting your research more successfully, profitably, and effectively. Everyone in the ICSBDD-2023 sorting out council is looking forward to meeting you in GBU, India.

T H E M E S

The ICSBDD-2023 strives to be the most professional and promising international conference focusing on Structural Biology and Drug Discovery by bringing all renowned and conscious researchers under one roof. The Conference themes include:

- Protein structure determination using X-ray Crystallography/ NMR Spectroscopy/ Cryo-EM
- Genomics/Genome Editing and Drug Design
- Pharmacogenomics and Precision Medicine
- Computational Biology and Bioinformatics
- Global Health Challenges and Drug Discovery
- Antimicrobial Resistance and Drug Discovery
- Methodologies and Tools of Drug Design
- Artificial Intelligence and Drug Discovery
- Phytomedicines and Drug Discovery
- Molecular Structural Dynamics
- Drug Design and Development
- Ayurveda and Drug Discovery
- Structural Systems Biology
- Drug Design and Hypoxia
- Structural Genomics

EMINENT SPEAKERS

Prof. T.P. Singh, AIIMS, New Delhi

Prof. Faizan Ahmad, Jamia Hamdard, New Delhi

Prof. B. Gopal, IISc Bangalore

Prof. D. Velmurgan, SRMIST, Kattankulathur

Prof. M. Haridas, Kannur University, Kerala

Prof. B. Jayram, IIT Delhi

Prof. Deepak T Nair, RCB Fridabad

Prof. Punit Kaur, AIIMS, New Delhi

Prof. Verma, Chandra S., BII, Singapore

Prof. Sujata Sharma, AIIMS, New Delhi

Prof. B. Padmanabhan, NIMHANS, Bangalore

Prof. Pravindra Kumar, IIT Roorkee

Prof. Shailly Tomar, IIT Roorkee

Prof. J Sivaraman, NUS, Singapore

Prof. Atanu Bhattacharjee, NEHU, Shillong

Prof. K. Vengadesan, RCB, Fridabad

Dr. Timir Tripathi, IGNOU, Kohima

Dr. Sanjit Kumar, GGU, Bilaspur

Dr. Yasmin Ahmad, DIPAS, Delhi

WHY TO ATTEND?

The goal of the ICSBDD-2023 is to establish an international forum where participants can exchange knowledge and practices in their respective professions. It will offer a variety of tracks and sub-tracks within the Structural Biology and Drug Design sectors, allowing participants to select the tracks that are most interesting to them. Participation of well-qualified researchers, scientists, physicians, professors, and organizations affiliated to and active in the area in the ICSBDD-2023 will certainly have an opportunity to discuss the subject professionally. Young researchers will have a fantastic opportunity to learn about and explore the specialized areas of Structural Biology and Drug Design.

CONFERENCE AWARDS

The Organizing Committee will confer the following awards to young investigators and students during ICSBDD-2023.

1. Oral Presentation Awards (03)
2. Poster Presentation Awards (03)
3. Best Participant Award (01)

CALL FOR ABSTRACTS

Abstracts under the above thematic areas are invited for invited/voluntary (oral and poster) presentations in the ICSBDD-2023. Abstract typed in MS Word (font size 12, Times New Roman, single line spacing) not exceeding 300 words, should be emailed to icsbdd2023@gbu.ac.in along with duly filled registration form or may be filled online. The title should be bold and in sentence case. The author (s) name should be bold and affiliation in italics font. The email of the corresponding author needs to be given. Presentation categories include Plenary/Invited and Poster. Eminent scientists are invited to deliver special lectures on the topic related to the thematic areas.

PRE-CONFERENCE WORKSHOP

A pre-Conference Hands-On Workshop on Computer-aided drug design (CADD) will be organized on October 10, 2023, for budding professionals. CADD applies mathematical techniques and tools in conjunction with pharmaceutical research to assist in the discovery and development of new drugs. The use of CADD plays an integral role in the drug development process by speeding up the identification of potential drug candidates and optimizing their properties before expensive and time-consuming laboratory experiments are carried out. The concept of molecular docking in CADD involves predicting and analyzing the interactions between a small molecule (ligand) and a target macromolecule, typically a protein. The method plays a critical role in the identification of potential drug candidates and the understanding of their binding modes. Participants will receive practical onsite training sessions with guidance, covering the basics of molecular modeling over one day. This workshop focuses on the use of the Maestro GUI to sketch organic molecules, select proteins, and manage data. It will also cover the design of drugs using structure-based concepts. Molecular docking and preparation will be used to identify hit molecules against therapeutic targets. During the workshop, industrial case studies will be used to provide an overview of the background experimentations. The workshop will be guided by experts from Schrodinger.

IMPORTANT DATES

Conference Dates	: 11-12 October 2023
Registration and Abstract Submission Starts	: 1st July 2023
Submission of abstract	: 25th August 2023
Submission of Registration Fee	: 25th August 2023
Confirmation of participation	: 10th September 2023
Confirmation of participation in Workshop	: 10th September 2023

REGISTRATION FEE (Non-Refundable)

Registration fees include expenses for a registration kit, lunch, and tea for the conference duration. Registration can be done by filling out a form at <https://tinyurl.com/ICSBDD-2023> OR by scanning the given QR code.

Category	Amount	After 25th Aug 2023
Students	1000 INR	1500 INR
Research Scholars	2000 INR	2500 INR
Scientists/Faculty Members	5000 INR	5500 INR
Corporate Members	7000 INR	7500 INR
Foreign Delegates	150 USD	200 USD
Accompanying person	2000 INR	2500 INR
Pre-Conference "Hands-On Workshop on Computer-Aided Drug Design" by Schrodinger on 10th October 2023	1000 INR	1500 INR

*Seats limited for 50 participants only. Workstations will be provided by GBU. Participants will be selected as per their experience in Computational Biology. Selected participants will be informed by 10th September 2023 by email.

ACCOMODATION

Accommodation will be arranged for participants on payment basis. Delegates may also book their accommodation as per need at their own. Delegates are requested to mark their travel plan and accommodation needs during registration process, to enable us to make convenient local arrangements. The GBU Guest House which is 400m away from the conference venue, will be offered to participants. The tariffs for GBU Guest House are INR 1500 and INR 1000 per person per day for single and double occupancy, respectively. The charges are inclusive of breakfast and dinner.

About the GBU

Established under the Uttar Pradesh Gautam Buddha University Act, 2002 (U.P. Act No. (9) of 2002), the Gautam Buddha University (GBU) came into existence in the year 2008 as a Residential University at its 511-acre state-of-the-art lush green eco-friendly campus at Greater Noida, Gautam Budh Nagar. The University is recognized by the UGC under Section 2 (f) and 12 (B) of the UGC Act, 1956, and accredited by the NAAC. The University is an ISO-certified institution of higher education (ISO 9001:2008).

The University envisions integrating Indian Ethos, Rich Heritage, and Ancient Wisdom with education and research to invoice high standards of quality and innovativeness to be at par with international benchmarks. The Mission of the University is to generate a community of scholars who can manage continuity and change; to seek and incorporate the best practices in teaching and learning from around the world; to inculcate in the learner's due appreciation for ethical, ecological, and economic issues of knowledge; to provide knowledge-based scientific solutions to satisfy the needs of the society and industry; and to ensure an academic environment that guarantees avenues for all historically-excluded sections of the society. The University offers Undergraduate, Postgraduate, and Doctoral research programs in Vocational Studies and Applied Sciences, Biotechnology, Engineering, Information and Communication Technology, Humanities and Social Sciences, Management, Buddhist Studies and Civilization, and Law, Justice and Governance.

THE UNIVERSITY SCHOOL OF BIOTECHNOLOGY (USOBT)

The goal of the USoBT is to provide learners with a sound knowledge and understanding of current theories, concepts, and laboratory practices in biotechnology, such as molecular biology, biochemistry, microbiology, immunology, and genetics and cell biology, which are in turn linked to practical disciplines like chemical engineering, physics, and information technology.

A breathtaking diversity of unicellular and multicellular life forms offer fascinating research opportunity in Biotechnology. The USoBT is involved in research areas, such as Disease Diagnostics, Cancer Biology, Genomics and Genome Engineering, Crop Improvement, Tissue Culture, Structure-based drug design, Design of novel antibiotics, Three-dimensional structure determination of enzymes and proteins, and production of enzymes for diagnostics and industrial applications. The School has been granted a prestigious DST-FIST grant for infrastructure improvement from the Ministry of S&T, Government of India. The faculty of USoBT has also obtained an extramural research grant from various government agencies, such as ICMR, DBT, BIRAC, DST, UGC, and CSIR. The USoBT is well-equipped with all the necessary instruments and research facilities.

NATIONAL ADVISORY COMMITTEE

Prof. R.S. Gokhle, Secretary, DBT, Ministry of Science & Technology
Prof. T.P. Singh, SERB Distinguished Fellow, AIIMS, New Delhi
Prof. A.K. Singh, Director, INMAS, Delhi
Dr. Shekhar C. Mande, National President, Vigyan Bharti and Former DG, CSIR, Delhi
Dr. J.P. Tandan, Former ADG (ICAR), and Director ICAR-ISWBR, Karnal
Dr. A.K. Singh, Director, ICAR-IARI, New Delhi
Dr. A. Arunachalam, Director, ICAR-CAFRI, Jhanshi
Dr. Ashok Kumar Mohanty, Joint Director, ICAR-IVRI, Mukteswar
Prof. Prasanjeet Kumar, Pro VC, NIU, Greater Noida
Prof. B. Jayram, Professor, IIT, Delhi
Prof. S. E. Hasnain, Distinguished Professor, IIT Delhi
Prof. D. Velmurugan, Professor-Research, SRMIST, Kattankulathur
Prof. D.M. Salunke, AFES, ICGEB, New Delhi
Prof. G.P.S. Raghava, Professor, IIIT, Delhi
Dr. Nabendu Sekhar Chatterjee, Scientist G, ICMR, New Delhi
Dr. Sarika Chaudhary, Bennet University, Greater Noida
Dr. Nagma Abbasi, Founder, and CEO, NextGen Life Sciences Pvt Ltd, Delhi

CONFERENCE ORGANIZERS

CHIEF PATRON

Prof. Dr. Ravindra Kumar Sinha
Vice Chancellor, GBU

PATRONS

Prof. N.P. Melkania, Dean Academics, GBU
Dr. Vishwas Tripathi, Registrar, GBU

CONVENERS

Dr. Imteyaz Qamar, GBU
Dr. Nagendra Singh, GBU
Dr. Rekha Puria, GBU
Dr. Shakti Sahi, GBU
Dr. Vikrant Nain, GBU

CO-CONVENERS

Dr. Deepali Singh, GBU
Dr. J.S. Rathore, GBU
Dr. Mohd. Tashfeen Ashraf, GBU

MEMBERS

Dr. Anubha Singh, GBU
Dr. Barkha Singhal, GBU
Dr. Bhaswati Banerjee, GBU
Dr. Eti Sharma, GBU
Dr. Gunjan Garg, GBU
Dr. Jai P. Moyal, GBU
Dr. Jyoti Upadhyay, GBU
Dr. Navin Kumar, GBU
Dr. Nisha Gaur, GBU

NEXTGEN PROFESSIONALS COMMITTEE

Prof. Vivek Rana, PW Vidyapeeth, Kota
Dr. Ashwani Rai, Princeton University, USA
Dr. Hritika Sharma, LifeArc, London, UK
Dr. Anshuman Chandra, JNU, Delhi
Mr. Shivansh Tyagi, Biocon Research Center, Bangalore
Ms. Divya Jhinharia, Doctoral Student
Ms. Shubhi Rana, MSc (Molecular Medicine) Student
Ms. Dipali, MSc (Biotechnology) Student
Ms. Saiyada Iqra Kamil, Int. B.Tech + M.Tech. (Biotechnology) Student
Ms. Devanshika Jha, Int. B.Tech + M.Tech. (Biotechnology) Student
Ms. Ananya Pal, Int. B.Tech + M.Tech. (Biotechnology) Student
Mr. Shashank Singh, Int. B.Tech + M.Tech. (Biotechnology) Student
Ms. Hiteshi Pant, BSc (Biotechnology) Student
Mr. Himanshu, Int. B.Tech + M.Tech. (Biotechnology) Student
Mr. Priyanshu Chaudhary, Int. B.Tech + M.Tech. (Biotechnology) Student
